KIMBERLY FOSS
CFP®, CPWA®,
President and Founder

Kimberly is the Founder and President of Empyrion Wealth Management™

For Kimberly Foss, cultivating a successful and rewarding career as a financial advisor wasn't just a case of luck. It was a deeply held desire to make a difference in her industry and in the lives of everyday investors.

Throughout childhood and into adolescence, finance became Kimberly's sole, driving passion. She has always been intrigued by the relationship between money and choice, and how both can be catalysts for positive change in people's lives.

"Having been trapped by my circumstances as a child, I learned to believe in myself, and knowing that we all have free will, I create "choice", to increase abundance in people's lives worldwide".

Her commitment to the people she serves is evident in the mantra she speaks, "Service Before Self" and "People Above Profit". She encourages her clients to *stay Your course*, through the ebbs and flows of the capital markets with disciplined guidance, personalized planning and a 30-year-old award winning Noble Prize strategy. Kimberly's investment philosophy is: "If you have money, you have a choice; if you don't someone else will make that choice for you".

Kimberly is a member of the Financial Planning Association (FPA), Investments and Wealth Institute (Institute), Financial Therapy Association (FTA), National Association of Personal Financial Planners (NAPFA), and proudly up-holds the Certified Financial Planner™ (CFP®) and Certified Private Wealth Advisor® (CPWA®) designations, and currently pursuing her Certified Financial Therapist (CFT®) credential. Kimberly employs the highest level of professionalism and competency in her work with clients.

Wealthy By Design: A 5-Step Plan for Financial Security

Kimberly has also changed the financial lives of investors across the nation. Her first book, *Wealthy by Design: A 5-Step Plan for Financial Security*, was published in 2013 and achieved notable, critical success, eventually reaching the New York Times Bestsellers List. The book offers investors actionable advice to live the life of their choosing, based on Kimberly's own experiences with money.

INSIGHTS ON ISSUES
